V2

HIGH PRECISION
FIBER CLEAVER

Magnetic Fiber Holder

INNO INSTRUMENT

DESCRIPTION

The INNO Instrument V2 Handheld Fiber Cleaver is a compact, efficient tool designed for simplicity and ease of use. It features a durable, handheld design that enhances fiber visibility and ensures precise cleaving. Compatible with all standard single fibers, the V2 is ideal for a variety of applications. Its drop-proof construction and maintenance-free operation make it a reliable choice for field use. The V2 cleaver is a straightforward, single-action solution for fiber cleaving, offering practicality and convenience in a portable format
